SANCTUARY 1323
TARGET 1325

→ 642178/173131

★ UMM, IN CIRCULAR AREA AND THERE'S SOMETHING MASSIVE AND BIG, DIRT, CIRCULAR EDGING, A RIM, SLANTED, I SEE IT FROM THE SIDE, PEOPLE, AROUND, PROJECTING, MOVEMENT, PERIODICALS, THERE'S A.. INSIDE DIRT, SOMETIMES A SHOOTING OFF WITHIN THE AREA AND SOMETIMES I CAN SEE THAT, WHICH GIVES THE AREA HIGHER HOT, MAKES IT HOTTER

→ SHOOTING OFF

★ RED FLAMES THEN THEY DISAPPEAR, MASSIVE, LARGE STRUCTURE LOOKS VERY NATURAL, VERY PLAIN, HAS HIDDEN MEANING, NOT KNOWN TO BE ALWAYS BUSY, NOT CONSISTENT, I'M IN AN ISOLATED, NATURAL AREA, I FEEL DIRT

→ DESCRIBE THE DIRT

★ LIKE I'M DOWN UNDER, LIKE I'M IN A MEASURED AREA, MARKED OFF, IN THIS AREA I FEEL DIRT

→ ACTIVITY

★ PEOPLE ARE SENT HERE, MEN, NOT CONSISTENTLY ACTIVITY, THERE'S A WIDENESS, A VASTNESS I CAN SEE BY LOOKING UP BUT I DON'T SEE IT, I LOOK UP, VERY SPACIOUS, SURPRISING LOW MOUNTAINS, ACTIVITY IS GENERATED, ITS GENERATED, SLOW MOVING, WADDLING, MOVEMENT UP IS SLOW, BUT ONCE THE MOVEMENT IS STARTED IT MAKES ONE DIZZY, THE MOVEMENT UP CAN BE SLOW, THE MEN ARE MOSTLY WALKING, PROTECTING, OVERSEEING, WATCHING, SENT HERE, BORING

→ RETURN TO THE MASSIVE, BIG SOMETHING

★ ITS ROUND, BIG, SMOOTH, MANMADE, IN A NATURAL SETTING, HEAVY ENTER ROOM UNDER, VERY LOW ENTRANCE, SO BIG BUT ENTRANCE IS SO SMALL, DOWN AND UNDER IS WHERE YOU ENTER, VERY SIMPLE, NOTHING FANCY OUT HERE

3

- OUT HERE
- ★ The land is very barren, The structure, The ground as I enter is a maze, floor, bottoms, ~~for~~
- Follow The maze
- ★ A hollowess inside, not busy, not crowded, NOT A known fact, only here for special purposes,
- Tell me about the special purposes
- ★ The lighting is better, The lighting comes from the floor, bottom up, men are looked over, They're inspected in a line, men dressed alike, Think alike, Walk alike, The men stand in the front of the lights, The lights hit them from bottom up, They are looked over, They are either men or make believed men, Similarity alike, The man that looks them over is older, but he has another man beside him, This other man yells, the older man commanding, The other man does the yelling, Now these men that are looked over, They are a small force of a larger force, these men are hidden, even people in the larger force don't even know they are there, They have the right to even hurt people from the larger force, They can hurt everyone internally, not religion / not policy, directed inward, hunting there own people, a cause, The bigger ~~force~~ force doesn't know them
- Describe the area inside
- ★ a feeling that I'm in dirt, a round hole, not exactly a hole, a hole with different measuring, a darker area
- Tell me about the darker area.

4

- ★ its even further down - men do meet, they sit around, brutal, the planning met goes on here is to strike, not very short planning, not long range planning, the meetings are short, no thinking, you don't go into philosophies here, you make a plan then do it fast
- Tell me about the plans
- ★ actions, where to go, what to do, surprising, sending men places, simple
- Tell me more about the area you are in
- ★ its dark, now some reason this area looks, its part of the scenery, one would not expect it, its in a an open area but from a distance it looks like the scene, non-expected, not expecting this to be here
- not expecting this to be here
- ★ The men
- The darker area
- ★ its further down - the --- these men hardly work with anything, no papers filed, no papers kept - base, a base, any papers -- ~~hardly~~ hardly any, know what to do already, from their heads,
- leave the men, just describe the area
- ★ simple, rough walls, bumps, nothing hanging, rounded area, a splitting off, a maze, no type of files, no boards - in a dark room -
- a light from below

Σ

★ From the floor - you need your own lighting system always feel dirt -

→ Within this area describe the thing that is important

★ Something moveable, spinning, part of it is shooting off, coming up and around, spinning, shooting off, the shooting off, they don't go very high - Damageable at very low levels, damageable up close, you have to be close, hitting close, it doesn't have the power from far away, but the movement is fast and that makes up for it -

→ Describe damaging

★ If I was on the other side it would hurt me - in front of it hurt me, hot, rotating, firing, riding backwards, firing

→ firing - Describe

★ Explodes, poof - This area and what goes on, never --- There's an assumption that this is here, but never proven, higher men, higher positions, smarter, more complex, they can't figure this one out, never could, want to, wish, wish it to be true then you can point a finger, no one to blame now

→ Blame

★ Don't know whose at fault, only suspecting - internal war ---

→ This device continue

6

- ★ round, spinning backwards, firing out, moving around, black, heavy interior, there's a moveable inner working that can spit out and make the boom - thing is that it only fires low but fast -
- Describe the firing -
- ★ I can see it, it vanishes also, it goes away fast -
- Pause - tell me now about this device in use -
- ★ You set it down in the open - you bring it out, in the open it works, I don't know how it works but it doesn't need the person, it can go by itself, automatic, it is set out in the open - now -- it isn't -- it doesn't go high - so it doesn't give high threat but the threat intended
- Pause - relax - IT IS 5 May 1987 from today move forward to when the device is used
- ★ men walk away - the device stays there, remains after the fact, men moving away, packed, it will stay there. - it will remain -
- Continue to look into the future to when the device is used - describe the event -
- ★ There is more peace now - it was used - The device sits on land - faces the trees - They'll be in use - a half-sliding victory - a half will almost connect, The device will sit there - remain, men will leave - very much - - -
- You are drifting - one month from now sometime or event
- ★ it will be straight, a crossing, more precise, much precision, a straight line - more precise, it seems that you will be able to see the device in the open, a better able to see it.

7

- ★ much more refined, reaching out, will be able to emit out better will move in a side circular way and no longer backward - it will be circular - able to reach out at further distances - more precise - inner workings will fit better
- Describe any problems at the event
- ★ no problems - moving, moving, its moving - - -
- Pause again - at this event - describe the happenings
- ★ first nothing, I don't see people, compartment, compartmented, a side of a ~~box~~ box, something hidden, placing back, putting in, ok - - - hump - - - vehicle moving. - - - right there - - - business normal, everything normal, something will occur, everything will be normal, ~~at~~ I see at the vehicle there is a side compartment, there is a change here, a small change which makes a big difference, will not be caught -
- Change
- ★ In the compartment, in the pocket - will not be caught - will be unnoticed -
- outcome - result
- ★ I don't know - I don't know
- No effect of the change -
- ★ People will need help - elevated - a man will be - - - -
